OMKAR P. KADAM

Full-Stack Developer | 3+ Years' Experience | Immediate Joiner
Pune, India | 9860403894 | omkarkadam1995@gmail.com | linkedin.com/in/omkar-kadam-285051b8

PROFESSIONAL SUMMARY

Full-Stack Developer with 3+ years of experience building scalable web and mobile applications using JavaScript, TypeScript, React.js, Next.js, and Node.js. Strong expertise in AWS, CI/CD pipelines, Firebase. Proficient in MERN stack, proven ability to deliver end-to-end features, optimize performance, and contribute to open-source projects in Agile environments.

PROFESSIONAL EXPERIENCE

Heaptrace Technologies — Full Stack Developer **December 2022 – April 2026**

Online Dental Appointment Booking Application

Tech Stack: Next.js, React.js, React Native, Node.js, Java, Spring Boot, Redux Toolkit, TypeScript, Expo, Material UI, Firebase, Docker, AWS EC2, ECS

- Developed a web application using Next.js and TypeScript, ensuring mobile responsiveness, scalability and performance.
- Built a mobile application with React Native and Expo for cross-platform compatibility.
- Built robust backend in Node.js to handle requests from the frontend efficiently.
- Developed Serverless function in firebase to execute scheduled tasks such as campaign publishing, scheduled notifications, and appointment management.
- Integrated third-party services like Stripe API for payments, Agora for video call, SendGrid for email delivery and Twilio for SMS messaging.
- Developed a Campaign feature that significantly increased user acquisition by 20% for the application.
- Implemented modular, accessible UI components with Material UI, enhancing design consistency and maintainability.

Healthcare Application

Tech Stack: React, Redux Toolkit, Node.js, MongoDB, Docker, AWS, JIRA

- Built a scalable healthcare platform with HIPAA-compliant communication, increasing agent engagement by 30%
- Developed a drag-and-drop UI using reusable widgets and optimized backend APIs
- Improved system scalability by 50% and user satisfaction by 25%

Diagram Rendering & Chart Platform

Tech Stack: JavaScript, TypeScript, Svelte, ReactJS, ANTLR Parser, Playwright, Cypress

- Worked on a diagram rendering and charting application, improving rendering accuracy and fixing parsing issues across different diagram types.
- Actively worked on improving UI/UX and interactive chart preview/export features.
- Implemented and maintained end-to-end tests using Playwright and Cypress, ensuring stability and functionality across key user flows and browser environments.
- Wrote automated test cases for visual regression, interaction workflows, and diagram generation scenarios.
- Collaborated with the open-source community (Mermaid JS) via pull requests, issue discussions, and code reviews.

SKILLS

- Frontend: React.js, Next.js, TypeScript, JavaScript, React Native, Redux Toolkit, Tailwind CSS, Material UI, HTML, CSS
- Backend: Node.js, Express.js, REST APIs, Java, Spring Boot.
- Databases: MongoDB, PostgreSQL, MySQL, Firestore.
- Testing: Playwright, Postman.
- DevOps & Cloud: AWS (EC2, ECS), Docker, CI/CD, GitHub Actions, Firebase Hosting.
- AI-Assisted Development**:** GitHub Copilot, Cursor, Augment Code.
- Tools & Platforms: Git, GitHub, Bitbucket, Jira, Slack.
- Integrations: Stripe API, Twilio, SendGrid, Agora.

EDUCATION

Diploma in Advanced Computing (DAC), CDAC, Know-IT, Pune *March 2022 - Nov 2022*
Bachelor of Engineering, Savitribai Phule Pune University, Pune *June 2013 - July 2017*
